

Fleet 15 Votes to Cancel 2015 OD Racing Program

By Rich Payne

On Friday, 10 July 2015, a quorum of Fleet 15 voting members convened the Semi-Annual Meeting of the Fleet in Deltaville, in conjunction with the 2015 Southern Chesapeake Bay Leukemia Cup Regatta. After a brief meeting, the following resolution was passed:

RESOLUTION, 10 July 2015

Because of the lack of participation in the Southern Chesapeake Bay J/105 One Design Series for 2015, and the chronic shortage of sufficient boats to constitute a One-Design Class in local regattas, Fleet 15, J/105 Class Association will revert to inactive status, effective 10 July 2015. This change in status entails the following specific implementing actions:

1. Fleet 15 will remain in being, and its Articles of Association remain in effect, so that it may be revived if the local availability of sufficient J/105s should improve.
2. The Southern Chesapeake Bay J/105 One Design Series for 2015 is hereby cancelled, effective immediately.
3. Local dues for Fleet 15 will no longer be collected, and remaining funds (currently \$82) expended to facilitate required close-out actions.
4. Current members of the National J/105 Class Association may retain the Fleet 15 identification if they participate in sanctioned J/105 One-Design events in other venues.
5. The Fleet 15 website on the j105.org host will be updated to reflect the above actions and not be updated thereafter in calendar year 2015.
